The 2026 Toyota Tundra CrewMax SR combines powerful performance, practical capability, and modern technology in a spacious 5-seater pickup truck. It is powered by a 3.4-litre twin-turbocharged V6 intercooled engine, producing 358 HP, and is paired with a 10-speed Direct Shift automatic transmission for smooth and responsive performance. Its 4WD drivetrain provides enhanced traction and control across different driving conditions, while the Stop and Start engine system helps reduce unnecessary idling. With a 122-litre fuel tank, independent front suspension, and rear coil spring suspension, the Tundra is designed to handle everyday driving and demanding applications. Its heavy-duty tow hitch receiver, hitch plug, ball mount, and trailer ball provide practical support for compatible towing requirements.

Inside, the Tundra CrewMax SR features a functional and comfortable cabin with fabric seats and 4-way manual adjustment for both the driver and front passenger. The tilt-and-telescopic steering wheel allows drivers to find a comfortable driving position, while the leather-wrapped shift knob adds a refined touch. A 4.2-inch colour TFT multi-information display presents essential vehicle information, complemented by an oil pressure gauge, voltmeter, illuminated entry, and a day-and-night mechanical rear-view mirror. For entertainment and connectivity, it comes with wireless Apple CarPlay compatibility, Bluetooth connectivity, Toyota Assistant, HD Radio, and SiriusXM audio. The 9-speaker sound system enhances the listening experience, while USB charging ports, a 12V accessory power outlet, and rear passenger air vents add convenience. Other features include power windows, power door locks, a power vertical sliding rear window, electric rear window defroster, and privacy glass.

The exterior of the 2026 Toyota Tundra CrewMax SR combines rugged styling with practical equipment. It rides on steel wheels fitted with P245/75R18 tyres and features bi-beam LED headlamps, LED daytime running lights, manually adjustable headlamp levelling, and power-adjustable heated exterior mirrors. Black mud guards, a windshield wiper deicer, and variable intermittent wipers provide additional practicality. Safety equipment includes eight airbags, comprising driver and passenger airbags, front seat side airbags, front head and side curtain airbags, and knee airbags. Child-protector rear door locks, an anti-theft alarm system, and a backup camera with Back Guide Monitor add further protection and convenience.

SPECIFICATION

ENGINE DETAILS

3.4L TWIN-TURBO V6 INTERCOOLED ENGINE
HORSEPOWER: 358 HP
STOP AND START ENGINE SYSTEM (S&S)
10-SPEED DIRECT SHIFT AUTOMATIC TRANSMISSION
4WD DRIVETRAIN
INDEPENDENT FRONT SUSPENSION
REAR COIL SPRING SUSPENSION
ELECTRIC PARKING BRAKE (EPB)
TIRE PRESSURE MONITORING SYSTEM WITH AUTO LOCATION
LOW WASHER FLUID WARNING

COMFORT & CONVENIENCE

DUAL-ZONE AUTOMATIC AIR CONDITIONING – NOT SPECIFIED
FABRIC SEATS
4-WAY MANUAL DRIVER AND PASSENGER SEAT ADJUSTMENT
TILT & TELESCOPIC STEERING WHEEL
LEATHER-WRAPPED SHIFT KNOB
