

## **2024 MODEL TOYOTA LAND CRUISER 71 HARDTOP V6 4.0L PETROL 4WD AUTOMATIC TRANSMISSION.**

The redesigned 2024 Toyota Land Cruiser 71 Hardtop Automatic is intended for drivers who want to drive across vast stretches of sand dunes and go off-road. With four-wheel drive, a 4.0-liter six-cylinder engine, a 6-speed automatic transmission, a front and rear differential lock system, a front screen, a reverse camera, hill assist control, and a three-door wagon body style, it is one of the best vehicles with these off-road features. For many years, the Land Cruiser 71 Short Wheel Base has been praised for its toughness and off-road ability. Historically, this beast of a vehicle had a manual gearbox, which embodied the spirit of adventure for enthusiasts who valued driving with their hands.

### **SPECIFICATIONS**
