

2023
Audi **RSQ3 SPORTBACK**

Audi

Typical RS-specific elements add to the overall athletic design of the compact SUV-coupé crossover

RSQ3

Uncompromising - even on the inside.

The Audi RS Q3 Sportback's interior is almost as striking as its exterior, with a dynamic look in every detail. From the optional sport seats plus, front in fine Nappa leather with honeycomb pattern, integrated head restraints, and RS embossing on the backrests, to the sport contour leather steering wheel, 3-spoke, flat bottom with multifunction plus and shift paddles, inlays in aluminium Race, anthracite, piano finish look, black, or carbon twill. If desired, the sportiness can be amplified even further with the optional RS design kits in red or blue, which add accents.

Technical data

Engine

Motor RS Q3 Sportback quattro 294 kW

Engine capacity 2480 cm³

Drive : quattro

Gear : S tronic

Power : 294 kW
