SAHARA

GXR V6 4.0L PETROL

The 2024 Toyota Land Cruiser 300 Sahara Edition comes with front and rear wide body kits that give the vehicle an assertive and rugged appearance. The front radiator grill LED lamps not only enhance the SUV's aesthetics but also provide improved visibility in low-light conditions. The inclusion of a rear camera makes parking and manoeuvring effortless, ensuring you have full control even in tight spaces. Step inside the Land Cruiser 300 Sahara Edition, and you'll experience a world of luxury and comfort. The leather seats offer a combination of comfort and elegance, allowing you to relax during long journeys. The passenger seat is powered, making it easy to find the perfect seating position for every occupant. With a seating capacity of seven, the rear seats are designed to accommodate both passengers and cargo, with a flexible 4:2:4 split configuration and the option for reclining and manual folding.
