# SAHARA MOTORS GROUP

The 2025 Toyota HiAce High Roof Delivery Van is purpose-built for businesses that demand reliability, capacity, and durability. With a strong 2.7L 4-cylinder petrol engine (2TR-FE), it delivers 149 horsepower and 24.6kgm of torque, ideal for daily deliveries and long hauls. Its high-roof design offers generous vertical space, making it easier to load and unload bulky cargo. The vehicle sits on sturdy 195 R15 tires, offering good road grip and stability, even when fully loaded. A silver radiator grille, black bumpers, and black door handles give it a clean, professional appearance. Designed for both urban logistics and longer distribution routes, the HiAce makes a strong impression with its practical design and proven Toyota engineering.

Inside, the HiAce is designed with functionality and driver comfort in mind. The cabin offers straightforward ergonomics, a day/night inner rear-view mirror, and practical instrumentation with illumination control for better visibility in all lighting conditions. Driver and passenger seats are equipped with 3-point ELR seatbelts and pre-tensioners for added safety. Despite its utility focus, the van doesn't skimp on convenience features like power door locks, a tilt-adjustable power steering wheel, and AM/FM radio enhance the driving experience during long work hours. The high roof also benefits front cabin headroom, ensuring comfort for taller drivers. The design prioritizes easy operation and visibility, creating a working environment that is safe and efficient for fleet operators and individual business owners alike.

Safety is a major strength of the 2025 HiAce Delivery Van, ensuring cargo and occupants are protected during every journey. It's equipped with essential safety technologies including ABS, Vehicle Stability Control (VSC), Brake Assist (BA), Hill-start Assist Control (HAC), Emergency Stop Signal (ESS), and Traction Control (TAC). Dual front airbags come standard, and a tire pressure monitoring system helps ensure proper inflation and road safety. The rear fog lamp, laminated green windshield, and rear under mirror enhance visibility in challenging conditions. With its Euro 4 compliant engine and catalytic converter, the HiAce is also a more environmentally responsible choice. For logistics professionals seeking a dependable, secure, and cost-effective cargo solution, the Toyota HiAce is a clear and confident investment.
