SAHARA MOTORS GROUP

The 2025 Toyota Prado TX2 is built for those who demand capability, comfort, and confidence in every journey. With a powerful 2.8L 4-cylinder turbo diesel engine delivering 201 HP and 500 Nm of torque, it offers outstanding performance across highways and off-road trails alike. The 8-speed automatic transmission and full-time 4WD with Hi/Low transfer case, plus central and rear differential locks, ensure the Prado is ready for any terrain. Its bold design features 18-inch alloy wheels, distinctive circular LED headlights, DRLs, and fog lamps. A black front grille, black side mirrors, door handles, mudguards, side steps, and pintle hook add a rugged, purposeful look. With a commanding presence and smart proportions, the Prado TX2 balances modern styling with tough utility for every driving scenario.

Inside, the Prado TX2 prioritizes practicality and comfort across its spacious 7-seat layout. Durable fabric upholstery and manually adjustable front seats cater to everyday use, while dual-zone front auto A/C and rear auto A/C maintain comfort for all passengers. The driver enjoys a urethane steering wheel with mounted controls and a 7-inch multi-information display that provides essential driving data at a glance. At the centre, an 8-inch touchscreen display supports Apple CarPlay, USB-C input, and six speakers for a connected, entertaining experience on every trip. Thoughtful additions like illuminated vanity mirrors, automatic power windows on all doors, and USB-C charging ports in all three rows make the cabin both functional and family-friendly. Whether on daily drives or long trips, the Prado TX2 offers a comfortable and intelligent environment for all.

Toyota's renowned safety focus is fully present in the Prado TX2, equipped with essential and advanced features for confident driving. Dual front airbags, ABS, Vehicle Stability Control (VSC), Traction Control (TRC), Hill-Start Assist (HAC), and Downhill Assist (DAC) all work together to provide safety across various terrains and conditions. The smart entry system, engine start/stop button, and cruise control make everyday use more convenient. For added driving ease, the Prado includes front and rear parking sensors, a rearview camera, and Parking Support Brake (PKSB). Drive Mode Select (Eco, Normal, Sport) and Crawl Control allow you to tailor the ride to the road ahead. Additional highlights include a tyre pressure monitoring system (TPMS), an anti-theft engine immobilizer, a premium horn, and a complete safety pack. The Prado TX2 is truly ready for anything.
