SAHARA MOTORS GROUP

The 2026 Nissan Patrol NISMO V6 3.5L Twin Turbo Automatic stands as the ultimate expression of performance, luxury, and advanced technology in a full-size SUV. Paired with a refined 9-speed automatic transmission and direct fuel injection for exceptional acceleration, responsiveness, and efficiency. NISMO's motorsport expertise is evident in the specially tuned electronic power steering and e-damper suspension, delivering precise handling and unmatched stability across all terrains. Its adaptive air suspension and selectable drive modes — Standard, Eco, Sport, Sand, Mud, and Rock — ensure the Patrol NISMO is as capable off-road as it is commanding on the highway.

Inside, the Patrol NISMO immerses its occupants in refined luxury and cutting-edge technology. The cabin features genuine red NISMO leather seats. Front seats offer eight-way power adjustment with memory, heating, cooling, and massage functions, while the second and third rows benefit from power folding for added versatility. The driver is greeted by twin 14.3-inch monolith displays, a piano-button e-shifter, paddle shifters, a head-up display, and a frameless smart rearview mirror. Rear passengers enjoy a 12.8-inch entertainment screen, while the 12-speaker Klipsch premium audio system delivers an immersive listening experience. Advanced comfort technologies such as tri-zone climate control with biometric cooling, a cooling box, wireless charging, and multi-colour ambient lighting create a truly premium atmosphere.

Safety and driver assistance are at the core of the Patrol NISMO's design, with a comprehensive suite of intelligent features including ProPILOT with Lane Keep Assist, Predictive Forward Collision Warning, Automatic Emergency Braking with Pedestrian Detection, Lane Departure Prevention, Blind Spot Warning and Intervention, Rear Cross Traffic Alert, Rear Automatic Emergency Braking, and a 3D Around View Monitor with Moving Object Detection. The vehicle also offers Frontal Intersection Assist, Hill Descent Control, Hill Start Assist, a rear differential lock, and the Invisible Hood View for enhanced off-road visibility. Security is equally advanced with a rear seat occupant alert, Nissan immobilizer, and an intelligent key system with walk-away lock and approach unlock.
