SAHARA MOTORS GROUP

The 2026 Toyota Hiace High Roof GL is built for businesses and groups that demand space, reliability, and performance. Under the hood lies a powerful 3.5L V6 engine generating 268 HP, ensuring a smooth and confident drive even when fully loaded. Its bold exterior, featuring colour-keyed bumpers, door handles, and a chrome front grille, gives it a professional and premium appearance. With halogen headlamps, LED clearance and stop lamps, and 235/65R16C Bridgestone tires, the Hiace delivers strong road presence and safety. The high roof design not only enhances the van's spaciousness but also makes ingress and egress easier for all passengers. Whether for commercial transport or executive shuttle services, the Hiace stands out as a leader in its class.

Step inside the Hiace and experience an interior built for comfort, function, and long-haul durability. The 13-seat configuration, finished in a combination of fabric and vinyl leather, provides ergonomic support for both driver and passengers. Equipped with 8 rear personal reading lamps and 6 rear USB chargers, every passenger stays comfortable and connected on the go. Rear air conditioning with independent controls ensures a cool cabin for all, while thoughtful features like an 8" infotainment system with Bluetooth, Apple CarPlay/Android Auto, and multi-information display add a touch of modern convenience. With ample legroom, multiple sliding/fixed glass panels for natural light, and a high ceiling, the Hiace offers a spacious and pleasant travel environment, ideal for tourism, staff transport, or corporate use.

Toyota prioritizes safety in the 2026 Hiace GL with a full suite of advanced features. Dual front airbags, ABS, Vehicle Stability Control (VSC), Brake Assist, Traction Control (TRC), and Emergency Stop Signal (ESS) work together to ensure confident handling in all conditions. The manual transmission gives full control, while the back monitor, rear parking sensors, and tyre pressure monitoring system make manoeuvring easier and safer. Passengers benefit from 3-point seatbelts for all 13 occupants, 11 adjustable headrests, and rear fog lamps for improved visibility. The inclusion of keyless entry, power windows and locks, and an engine immobiliser with security horn enhances daily usability. With commercial-grade strength and premium comfort, the Hiace is built to go the distance – safely and reliably.
