SAHARA MOTORS GROUP

The 2026 Toyota Hiace Delivery Van is engineered for efficiency and versatility, featuring a robust V6 3.5L engine that delivers impressive power alongside fuel economy. Its 6-speed automatic transmission ensures smooth and effortless gear shifts, enhancing the driving experience. This van helps reduce environmental impact, making it a responsible choice for businesses. The spacious cargo area provides ample room for deliveries, catering to various transport needs. Advanced safety features, including stability control and multiple airbags, prioritize driver and passenger safety. Inside, the ergonomically designed cabin offers modern infotainment options for added comfort. Built to withstand heavy use, the Hiace boasts a strong chassis and reliable components. Overall, this van stands out as an ideal solution for urban transport and commercial use.

The 2026 Toyota Hiace Delivery Van is powered by a 7GR-FKS, 6-cylinder engine with a displacement of 3,456 cc, delivering an impressive 268 hp at RPM and a torque of 34.9 kgm. It features a D-4S fuel system that runs on gasoline. The van is equipped with a 6-speed automatic transmission and rides on 215/70R 16 tires. For safety and control, it includes advanced features like ABS, VSC, and TRC, alongside a robust suspension system with McPherson front and leaf spring rear. Comfort is enhanced with power steering that is both tilt and telescopic, while the interior features mini-clamshell design airbags for passenger safety. The exterior is designed with black bumpers and door handles, a silver front grille, and halogen headlamps, complemented by color-keyed, power-retractable outer rearview mirrors with turn signals. The windshield glass is reinforced with UV cut, ensuring durability and protection.

The 2026 Toyota Hiace Delivery Van is equipped with a day/night inner rearview mirror and a comprehensive light control system for enhanced visibility. It features glass panels on both the left and right sides, as well as rear quarter panels, ensuring ample natural light. The seating capacity is designed for three, with comfortable fabric seats and a driver seat vertical adjuster for tailored comfort. Additional conveniences include a front AC/heater system, illuminated entry with an ignition key and room lamp, and keyless entry for easy access. The van also includes a 100A alternator, an 80D-equivalent battery, and a fire extinguisher for safety. For entertainment, it offers an AM/FM radio, an 8" stereo with Bluetooth capabilities, and a multi-information display with a 4" TFT screen. Practical features such as power door locks, power windows, a rear window defogger, and a tire pressure monitoring system enhance functionality.
