# SAHARA MOTORS GROUP

The Toyota Sequoia TRD Pro Hybrid is equipped with a powerful 3.4-litre twin-turbo V6 hybrid engine paired with a 10-speed direct shift automatic transmission, ensuring a smooth and efficient driving experience. Safety is paramount, featuring an array of systems like active noise control, part-time 4WD, and a trailer brake controller. The locking rear differential and independent front suspension enhance off-road capabilities, while the intuitive parking assist with auto braking and various airbags—including front seat-mounted side airbags and roll-sensing head/side curtain airbags—ensure maximum passenger protection. The Toyota Safety Sense 2.5 system enhances driving confidence with features such as dynamic radar cruise control, lane tracing assist, and pre-collision systems that detect pedestrians and cyclists, making every journey safer.

With a seating capacity of seven, the interior is designed for comfort and versatility. The front seats are 8-way power adjustable, heated, and ventilated, with two-way lumbar support for added customization. The driver benefits from a memory system that recalls preferred seat positions, while SofTex seats provide a premium feel that is also easy to maintain. The vehicle's advanced climate control system ensures optimal comfort for all passengers, featuring three-zone automatic climate control and rear seat heater ducts. This focus on passenger comfort extends to the convenience of child protector rear door locks, ensuring safety for younger passengers.

The vehicle boasts a comprehensive suite of convenience features designed to enhance the driving experience. Keyless entry with a smart key and push-button start simplifies access, while a power rear door with a kick sensor adds practical functionality. For tech enthusiasts, the Toyota Multimedia system includes wireless Apple CarPlay and Android Auto compatibility, showcasing a 14-inch touchscreen and a 14-speaker JBL audio system for an immersive entertainment experience. Additional features like a wireless charging pad, rear camera washer, and multi-terrain view monitor cater to modern drivers' needs, making both everyday commutes and off-road adventures enjoyable and hassle-free. The TRD Pro package further elevates the vehicle's capability with specialized off-road enhancements and striking design elements, ensuring it stands out both on and off the road.
