# SAHARA MOTORS GROUP

The 2026 Toyota HiAce Panel Van Mid features a robust V6 3.5L engine, delivering impressive performance for both urban and long-distance driving. With comfortable seating for six, it combines spaciousness with versatility, making it ideal for families or businesses. The manual transmission offers more control over the driving experience, enhancing responsiveness on the road. The HiAce is designed with practicality in mind, equipped with ample cargo space and a range of safety features, ensuring reliability and convenience in various transport needs.

The vehicle features a 3.5L, six-cylinder petrol engine, providing a maximum output of 277 horsepower at 6000 RPM and a torque of 351 Nm at 4600 RPM. It is equipped with a 6-speed manual transmission and utilizes a rear-wheel drive system. The fuel tank capacity is 70 liters, and the vehicle includes two speakers for audio. Additionally, it is equipped with a tire inflation pressure warning system and a fire extinguisher, which can be installed on the passenger seat back.

The vehicle is equipped with various advanced features for safety and comfort, including a Vehicle Stability Control (VSC) system and Brake Assist (BA). It has a back monitor with fixed positioning and three front seats, all of which include provisions for passenger comfort. The rear console box is integrated with the center seat back, while the steering is equipped with multifunction switches for audio and telecommunication. A front heater is included, along with power windows that feature an auto up/down mechanism. The airbag system is comprehensive, covering both driver and passenger, and the power door locks do not include speed auto-lock functionality. The vehicle has rubber floor mats designed for left-hand drive, a front air conditioner with a cooler, and seating for six.
