SAHARA MOTORS DUBAI

The 2026 Toyota Land Cruiser 300 GX V6 4.0L Petrol 7-Seater Automatic is a full-size SUV built to deliver exceptional durability, powerful performance, and legendary off-road capability. Designed for families, businesses, and adventure enthusiasts, it combines Toyota's trusted reliability with a spacious seven-seat cabin and practical features for everyday use. Furthermore, its rugged construction, bold styling, and full-time 4WD system make it equally capable of handling city roads, long-distance journeys, and challenging off-road terrain with confidence.

Powered by a 4.0L V6 DOHC Dual VVT-i petrol engine, the 2026 Toyota Land Cruiser 300 GX produces 271 HP and 39.25 kg-m of torque, delivering smooth and dependable performance in a wide range of driving conditions. In addition, the 6-speed Multi-Mode Automatic Transmission provides seamless gear changes, while the full-time 4WD system with a torque-sensing centre limited-slip differential and front, rear, and centre differential locks ensures outstanding traction on sand, mud, rocks, and uneven terrain. Moreover, the independent front suspension, heavy-duty rear suspension, dual 110-litre fuel tanks, and advanced traction technologies help maximize stability, capability, and driving confidence. As a result, this SUV is ready for both demanding work environments and adventurous off-road expeditions.

Inside, the cabin offers a practical blend of comfort, convenience, and technology for all seven occupants. Automatic dual-zone climate control with rear air conditioning, Smart Entry with Push Button Start, an 8-inch display audio system, Bluetooth connectivity, multiple USB charging ports, a leather-wrapped steering wheel, and a cool box enhance every journey. Furthermore, LED headlights, LED daytime running lights, LED front fog lamps, aluminium side steps, a rear spoiler, and colour-keyed exterior styling create a modern and commanding appearance. Additionally, Toyota equips the Land Cruiser 300 GX with advanced safety features, including ABS, Vehicle Stability Control (VSC), Brake Assist (BA), Active Traction Control (A-TRC), Trailer Stability Control (TSC), Hill-Start Assist Control (HAC), multiple airbags, and a Tire Pressure Warning System. Consequently, the 2026 Toyota Land Cruiser 300 GX V6 4.0L Petrol 7Seater Automatic delivers the ideal combination of comfort, capability, safety, and Toyota's renowned long-term reliability.
