SAHARA MOTORS DUBAI

The 2027 Mitsubishi L200 Double Cab Pickup GL is a practical pickup designed to deliver performance, utility, and versatility. Powered by a 2.4L 4-cylinder intercooled turbocharged direct-injection diesel engine with 4N16 LP technology, it produces 81 kW or 108 HP and 200 Nm of torque at 3500 RPM. Its 5-speed manual transmission works with Easy Select 4WD to provide controlled traction across urban roads, highways, work sites, and challenging terrain. With a 75-liter fuel tank, 2850 kg gross vehicle weight, and 1790 kg kerb weight, the L200 offers useful capacity for commercial applications. Its 3000 mm wheelbase and cargo dimensions support versatile transportation and hauling requirements.

The Mitsubishi L200 GL features a durable chassis designed for confident driving and demanding use. Its heavy-duty comfort suspension with front stabilizer bar supports stability, while 290 mm ventilated front discs and rear leading and trailing drums provide controlled braking. ABS with EBD and Brake Assist, Active Stability Control, Hill Start Assist, and Trailer Stability Assist help enhance vehicle control. The pickup rides on 16-inch silver steel wheels with 205/R16 8PR tyres and includes mud guards. Exterior equipment includes halogen headlamps, daytime running lights, rain-sensing front wipers, LED rear fog lamps, front fog lamps, adjustable and folding mirrors, Black Edition bumpers and grille, UV-reduction windshield glass, rear window defogger, cargo bed hooks, skid plate, towing and tie-down hooks.

Inside, the Mitsubishi L200 GL provides a cabin with sports-type separate fabric front seats featuring manual sliding and reclining adjustment, while the rear low-back bench seats include two head restraints. A tilt and telescopic urethane-wrapped three-spoke steering wheel incorporates power steering for easy handling. The cabin features manual air conditioning with heater, a 3.5-inch display, power windows with driver-side auto up-down and anti-trapping, remote keyless entry with two keys, and a day/night rear-view mirror. For connectivity, the AM/FM CD player includes two speakers, USB charging, Bluetooth wireless technology, and a microphone. Features include a 12V accessory socket, illuminated glove box, sunvisor with sunglasses holder, assist grips, child safety locks, central locking, two SRS airbags, and an anti-theft engine immobilizer.
