SAHARA MOTORS DUBAI

The 2027 Toyota Land Cruiser FJ GXR 2.7L is a rugged, five-seater SUV that combines off-road capability, modern comfort, practical technology, and Toyota reliability. Powered by a 2.7L four-cylinder petrol engine with advanced VVT-i technology, it produces 164 HP at 5200 RPM and 245 Nm of torque at 4000 RPM. The six-speed automatic transmission delivers power, while the part-time 4WD system, rear differential lock, dynamic automatic headlamp levelling, and 265/60R18 tyres provide confident control. The Land Cruiser also features ABS with EBD and BA, VSC, DAC, HAC, and TPMS for added control on demanding roads and trails.

Inside, the 2027 Toyota Land Cruiser FJ GXR offers a comfortable cabin for five occupants, with synthetic leather seats, power-adjustable driver seat, dual-zone automatic air conditioning, and a leather steering wheel. The cabin features a 7-inch TFT multi-information display, 4WD transfer switch, power windows, smart keyless entry, push-start button, and synthetic leather-wrapped door trims and instrument panel. Wireless Apple CarPlay, Android Auto, Bluetooth, DAB radio, a 12.3-inch display audio system, and six speakers provide connectivity and entertainment. Power door locks and convenient controls add practicality for everyday driving.

The exterior of the 2027 Toyota Land Cruiser FJ GXR combines a distinctive rugged appearance with practical equipment, including 18-inch black alloy wheels, 265/60R18 tyres, LED headlights, LED daytime running lights, LED front fog lamps, and dynamic automatic headlamp levelling. Powered retractable mirrors, black side steps, front and rear mud guards, wide black overfenders, roof rails, a silver lower bumper guard, and a rear door-mounted spare wheel enhance its capability and character. Measuring 4510 mm long, 1855 mm wide, and 1950 mm high, with a 2580 mm wheelbase and a 63-litre fuel tank, the Land Cruiser is designed for everyday journeys and challenging terrain. Toyota Safety Sense 3 includes PCS, LDA, AHB, and AHS for enhanced driving confidence and safety.
