SAHARA MOTORS DUBAI

The 2026 Toyota Hilux Double Cab Pickup SGLX 2.4L Diesel 4WD 5-Seater Automatic is a practical combination of power, durability, and versatility, designed for work, family travel, and adventures. Powered by a 2.4-liter four-cylinder diesel D-4D turbo engine, this pickup delivers 147 horsepower at 3400 rpm and 400 Nm of torque from 1600-2000 rpm for reliable performance across different driving conditions. Paired with a 6-speed automatic transmission and four-wheel-drive capability, the Hilux offers confident control on highways and challenging terrain. Its leaf-spring rear suspension supports a capable drive, while front disc and rear drum brakes provide reliable stopping performance. The rear differential lock further enhances its off-road drivetrain functionality.

Inside, the Hilux accommodates five passengers while providing features for comfort. The cabin includes automatic climate control and rear air conditioning vents, an overhead console, fabric seats with front ventilation, along with front separate seats and cup holders. A 4.2-inch multi-information display, steering wheel mounted controls, Apple CarPlay, DAB radio, USB-A port and four speakers keep the cabin practical and connected. Cruise control, one-touch power windows on all doors, smart entry with engine stop/start button, front passenger door lock, and a sliding back window add convenience to every journey. Drive Mode Select with ECO and PWR modes provides flexibility, while 17-inch alloy wheels with 265/65R17 tyres and an 80-liter fuel tank support useful everyday capability.

Driver, front passenger, and driver's knee airbags are complemented by ABS, electronic brake-force distribution, vehicle stability control, hill-start assist control, and a tire pressure warning system. Front and rear parking sensors, front disc brakes, rear drum brakes, and the rear differential lock add control, while the truck includes exterior equipment. LED headlamps, LED rear lamps, and LED front fog lamps improve visibility, while mud guards, a front steel bumper, side stripes, floor mats, a bed liner, power side mirrors with turn signal lamps, and a stop lamp on the deck door complete its rugged character with ease.
