SAHARA MOTORS DUBAI

The 2027 Mitsubishi ASX GLX Luxury Highline 2.0L 4WD is a dynamic and stylish SUV built for drivers who value performance, design, and versatility. Its sharp, modern look is highlighted by 18" alloy wheels, LED headlamps with DRLs, a panoramic glass roof, and a bold front fascia. The aerodynamic lines are complemented by colour-keyed door handles, a rear spoiler with LED high-mount stop lamp, and a sleek shark fin antenna. Whether you're navigating city streets or weekend getaways, the ASX's electronically controlled multi-select 4WD system (including 2WD and 4WD Lock modes) ensures responsive handling across all road conditions. With a refined exterior presence and rugged capability, the ASX GLX stands out as a well-rounded SUV ready for any adventure.

Step inside the Mitsubishi ASX GLX Luxury Highline and experience a cabin designed for both comfort and control. Premium leather seats with heating and 4-way power adjustment for the driver ensure a relaxed ride in any climate. The panoramic glass roof floods the interior with natural light, creating an open, airy atmosphere. An 8" touch display with smartphone connectivity and a 9-speaker Rockford Fosgate audio system delivers crystal-clear entertainment, while the steering-mounted controls and voice command system keep you in control without distraction. The rear seats offer a flexible 60:40 split-folding configuration, supported by a hard-type tonneau cover for extra cargo security. From daily commutes to weekend trips, the ASX offers a smart, luxurious, and functional interior for all passengers.

The 2027 Mitsubishi ASX GLX Luxury Highline prioritizes your peace of mind with a comprehensive suite of safety and convenience features. Equipped with dual airbags, ABS with EBD, Brake Assist, and Active Stability Control, it ensures a stable and controlled drive. Added systems like Hill Start Assist and the Brake Override System enhance safety on slopes and in sudden stops. A rearview camera, back warning system, and child-proof locks add further protection for both driver and passengers. Comfort is maximized with features like fully automatic climate control, rear heater ducts, keyless entry, engine start/stop, and cruise control. The ASX combines advanced technology, practicality, and Mitsubishi reliability, making it a smart and secure choice for today's driver.

SAHARA MOTORS DUBAI

A close-up photograph of a car's center console, specifically the area containing the power window and mirror controls. The controls are arranged vertically. At the top is a four-way directional pad for side mirror adjustment. Below it are two buttons: one with a car icon and a lock symbol, and another with a car icon and a lock symbol. Further down are two pairs of rectangular buttons for power windows. Red arrows point from text labels on the right to each of these three control areas.
